Bonjour [prospect_first_name default=""],

Je me renseigne actuellement sur l'organisation des espaces de travail au sein de votre structure. Je me permets donc ce rapide e-mail, car j'aimerais organiser un bref échange avec vous.

Chez Sony, nous avons créé [my_landing_page_link default="Teos"], une plateforme vous permettant de gérer les espaces de travail en prenant le contrôle des appareils, de la signalisation, du contenu et des contrôles des bâtiments, en automatisant les scénarios à l'aide de capteurs, et en simplifiant la gestion des visiteurs et des employés.

J'imagine que bien souvent ces problèmes sont traités manuellement ou via plusieurs plateformes et qu'il est parfois difficile d'y voir clair.

Pensez-vous qu'il puisse être pertinent de prendre 10 minutes pour vous montrer comment notre solution pourrait vous épauler au quotidien?

[my_calendar_link default="Voici un lien pour bloquer une démo"].

À très vite.
